Prayagraj, India | +91 969-675-9718 | [Pm873545@gmail.com](mailto:Pm873545@gmail.com) | [linkedin.com/in/piyush-mishra](https://www.linkedin.com/in/piyush-mishra) | [github.com/Pmiishra](https://github.com/Pmiishra)

## Education

United College Of Engineering And Research	2020 - 2024
Bachelor Of Technology(B.Tech) in Computer Science and Engineering	
Kendriya Vidyalaya C.O.D, Chheoki	2019 - 2020
Higher Secondary Education(Science)	
Kendriya Vidyalaya C.O.D, Chheoki	2017 - 2018
Matriculation	

## Skills

### TECHNICAL SKILLS

- Programming Language : C , JAVA
- Web Development : HTML, CSS, JavaScript, Node JS, Express JS
- Database : MySQL , MongoDB
- Software : Vscode , Github , Figma
- Subject : DBMS , Computer Network

### SOFT SKILLS

- Collaborative
- Initiative-Driven
- Highly Organised
- Extreme Accountability & Ownership
- Delivering Positive Customer Engagement

## Work Experience

OpsMantra	July 2023 - September 2023
-----------	----------------------------

### Web Developer Internship

- Utilized HTML, CSS, Bootstrap and JavaScript skills to contribute to a range of projects, demonstrating proficiency in fundamental web technologies and their application in real-world scenarios.
- Applied NODE.JS to develop basic projects, enhancing familiarity with modern frameworks and effectively translating design concepts into functional user interfaces.

## Projects

### Personal Portfolio Website :

An responsive , impressive and dynamic online portfolio website. This website showcases skills , projects , certificates , interests and education.

The frontend of the portfolio website using HTML, CSS, JavaScript, and Bootstrap Framework and the backend is powered by Node.js and Express.js and MongoDB is used as the database to store project information, user messages, and other relevant data.

### Leave Management System :

A Leave Management System is a comprehensive software solution that simplifies the process of managing employee leave requests and attendance records within an organization.

The frontend is the user-facing component, offering employees an interface to submit leave requests, check their leave balances, and view their request status.

The backend, on the other hand, manages data storage, leave policy enforcement, approval workflows, and attendance tracking. It ensures the accuracy of leave balances, automates leave approval processes.

### Myntra Clone Website :

Developed Myntra clone website using HTML, CSS, and JavaScript. This project involved recreating key features of the popular e-commerce platform, Myntra, including product listings, a responsive design, and user-friendly navigation. I leveraged JavaScript for interactivity, such as product filtering and a dynamic shopping cart.

## Certifications

### Web Development

Certificate in WEB DEVELOPMENT course from Engineer Core Summer Training in association with Effervescence IIIT Allahabad .

05/ 2022 - 08/ 2022

### Summer Training Programme 2021

Certificate of completion of 60 hours training on JAVA during june 2021 from United College of Engineering and Research.

05/ 2021 - 06/ 2021

## Achievements

- Dr. Abdul Kalam Sports Fest Certificate :** Participate in KHO-KHO event held on November 22-23 at Shambhu Nath Institute of Engineering and Technology , Prayagraj .
- Volunteered** at GANGA CLEANLINESS DRIVE at ARAIL GHAT , organised on 31st Dec 2020 .
